
GEORGIA MINORITY SUPPLIER DIRECTORY

This edition of the Georgia Minority Supplier Directory has been compiled and assembled by The University of Georgia Small Business Development Center Network. The information in this publication was provided by the firms included. The inclusion of a firm is for information purposes only and does not constitute an endorsement by the SBDC. For further information or to receive a copy, please call The Georgia SBDC Network at (706)542-6791. Copyright 2015.

NOTE: The Georgia SBDC Network has made every attempt to ensure that the businesses included in this directory are current. However, circumstances change and businesses may not have alerted us to their address changes and/or their existence.

Format:

- The Table of Contents at the front of the book gives the section number and page numbers for each category.
- Firms are listed in alphabetical order in each category.
- An alphabetical listing of firms with page numbers appears at the back of the directory under Section Three.
- See Example (below) for codes used to identify contact person, phone number, and certifications of each business along with a description of the business, previous clients, date the business was established, the number of employees, sales for the previous year and size of facility.

Example:

If you are looking for a supplier to print a brochure explaining your company's services or products, go to the front pages (i-iii) and see what categories are listed. You will see a category named Professional - Advertising Agencies. Turning to the pages listed for the Professional - Advertising Agencies section and you will find that suppliers are listed in alphabetical order.

A typical entry might appear as follows:

THE CHAUCER PRESS, INC.
201 Nowhere Road

- 2** Phone Number
- 3** Certifications: SBA=Small Business Administration; Georgia=State Certification; DOD=Department of Defense; DOT=Department of Transportation
- 4** Capabilities (as outlined in a narrative description of the business)
- 5** Previous Customers
