GROW YOUR BUSINESS BY HAVING A STRONG CYBERSECURITY PLAN IN PLACE!

#CyberStrength will explore and challenge the business owner/IT professional to prepare and strengthen their cybersecurity plan. It will position their company to take advantage of the opportunities provided by having a strong, cybersecurity posture.

TOPICS OF DISCUSSION:

- Increase your ability to secure contracts with Fort Benning/DOD in FY 2018 and beyond (NIST SP 800-171)
- Increase your marketability to larger corporations
- Harden your business's cybersecurity infrastructure
- Position your company to satisfy upcoming regulation changes related to cybersecurity requirements
